BTEC Diploma in Foundation Art and Design	Passed with Distinction
ICT	A
Biology	B
Art and Design	C

Work Experience

I have done some book illustration work for a client on a freelance basis.

I take commissions on an online art gallery where I make artwork and animations for others according to their specifications.

Personal Statement

I am a motivated and responsible worker with a keen interest in 2D animation and preproduction who specialises in 2D character animation and character design.

I currently work as a freelance artist, doing illustratory work for clients. I make use of my time effectively and am good at building up good working relationships with my clients.

I upload my work on my website for others to see as well as keeping a blog and a youtube page.

I enjoy being around people and so work well in a group. I enjoy seeing projects come together from all the work put into them and become dedicated to any task assigned to me. I get along well with others and am a lively participant in group activities.

I am a quick learner and can adapt quickly to new software, styles and techniques.
